

# ANALOG WAY MIDRA

## Module: PROC\_COM

### AMX NETLINX

Date: **October 16, 2017**  
Driver version: **V1.11**  
Tested with: **Midra Firmware v02.00.15**

## INTRODUCTION

This module is the communication processor for the Midra series control and must be implemented once in the main program.

## IMPLEMENTATION

To interface this module in an AMX program, the programmer must perform the following tasks:

- Include the Midra\_Proc\_Com module in the main program and adjust specific module parameters (see example program available with this package).

## COMMANDS

### Command Control

Commands are case sensitive. Commands are to be followed by \$0A terminator.

Command	Description
IP_Connect	Initiate IP connection
IP_Disconnect	Stop IP connection

Example:

```
SEND_STRING Midra_Proc_COM, "IP_Connect", $0A
```
