LivePremier™ Certification Program

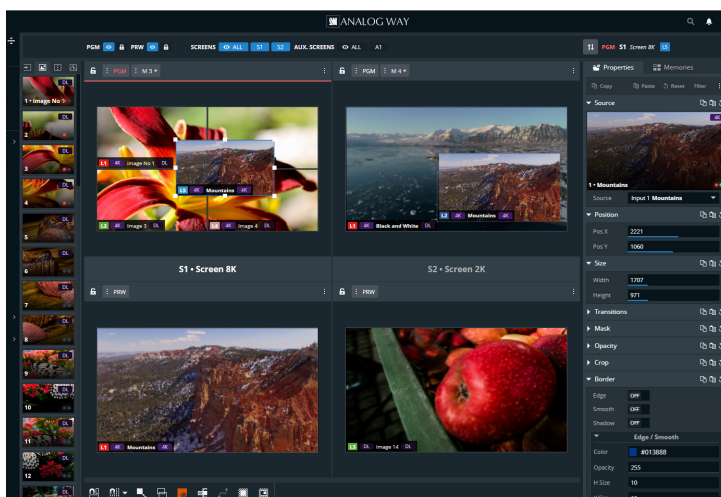

ANALOG WAY®
Pioneer in Analog, Leader in Digital

Analog Way: A training offer to assist you

For more than 30 years, Analog Way has been a leading designer and manufacturer of innovative presentation switchers and image converters. As a video processing expert, Analog Way is committed to support its customers through training tailored to individual needs.

Whether you are an integrator, consultant or freelance technician, Analog Way offers training that will enable you to take full advantage of our AV processors in various environments.

LivePremier™ Certification Program

Designed to deliver uncompromising presentation experiences to high-end staging and premium system integration, the **LivePremier™** range consists of 7 modular and scalable 4K/8K multi-screen presentation systems: **Aquilon alpha**, **Aquilon RS1**, **Aquilon RS2**, **Aquilon RS3**, **Aquilon RS4**, **Aquilon C** and **Aquilon C+**.

The **LivePremier™** systems offer industrial grade reliability, versatile 4K digital connectivity, state-of-the-art real time processing features, best-in-class image quality and unrivaled ease of use. The configuration and control of the **LivePremier™** live presentation switchers is available through the **Web RCS**, a cutting-edge HTML5-based user interface, as well as through a wide range of controllers such as the RC400T console or the compact USB controllers (Shot Box2 and Control Box2).

To ensure a more creative and richer user experience, Analog Way has developed a training program dedicated to the **LivePremier™** range. Whether you need a first approach to the **LivePremier™** environment, or a deep understanding of all features to become a real expert, Analog Way offers trainings that will enable you to achieve your goals.

LIVEPREMIER™

CERTIFICATION PROGRAM

2 training levels

Analog Way has designed **2 training levels** to best meet everyone's needs. The most complete training awards an official certification.

By becoming a **LivePremier™ Certified Operator**, you will get new skills and consequently be able to deploy more creativity when using our systems.

You will also join the **LivePremier™ Certified Operators** directory; your expertise officially recognized by professionals in the Pro AV market.

Objectives:

- According to your expectations, to get more familiar with the LivePremier™ products, or become a real expert
- Unleash your creativity
- Become a certified operator

Target audience:

Training exclusively intended for video professionals:

- Technicians / Freelance operators
- Integration companies
- Event contractors
- Consultant offices
- End users

Prerequisites:

- Basic knowledge of video signals including HDCP, EDID and various video formats
- Be familiar with image processing

Basic Operator: 1 day

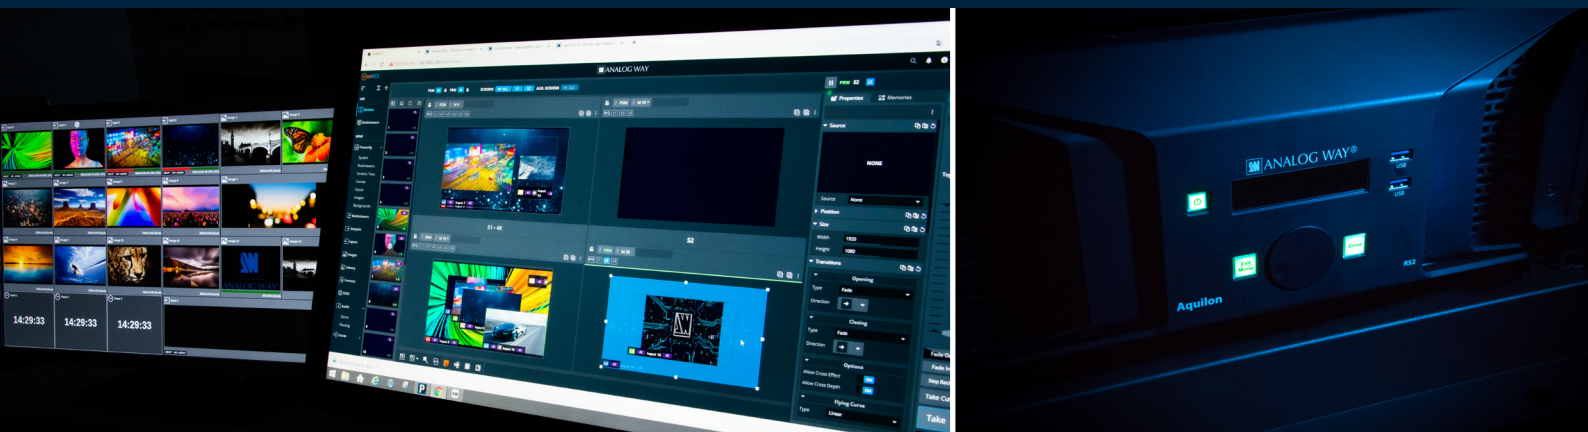

This training gives an understanding to the **LivePremier™** environment and the control through the **Web RCS** interface. Other themes are reviewed during the training: I/O specifications, **LivePremier™** image processors setup, etc. At the end of the session, participants will have sufficient knowledge to use the **LivePremier™** range for simple applications.

Expert Operator: 3 days – Certified training

During these three days, the structure and the operation of the **LivePremier™ series** for complex applications and events are presented. The class provides in-depth review of the I/O and processing architecture, the system configuration, the multiscreen and multilayer management as well as the control through the **Web RCS** and other supported controllers. At the end of the session, the participant will then have the opportunity to obtain the Analog Way **LivePremier™ Certified Operator** Examination.

Two days training sessions for **LiveCore™ Certified Operators** only, are also available in some training centers. Analog Way US Academy also organizes **Advanced Operator certified trainings** (2-day session).

Contact our teams for more information.

Analog Way's Training Centers:

Analog Way Academies have been especially designed to welcome trainings at Analog Way's headquarters in Europe and in the USA. The **LivePremier™ Certification Program** is also delivered by our subsidiaries in Asia and Middle-East. If needed, trainings can be directly provided on your site.
